

Dr. Miles' Nerve Triumphs.

Excessive Nervousness from Childhood. In Grippe Brings on Heart Weakness.

REV. E. P. SEARCY, pastor M. E. church, Buchanan, Ga., writes Dec. 10, 1893: "In childhood I was afflicted with excessive nervousness, which, almost developed into St. Vitus dance. I particularly recovered, but at college it gradually grew worse. Close study aggravated the trouble; an unusual exertion caused trembling all over. In 1891 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Restorative Nerve and Nerve and Liver Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent. Dr. Miles' Remedies are sold by all druggists under a positive guarantee. All druggists under a positive guarantee. Book on Heart and Nervousness free to all applicants. DR. Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

A FARMER over in Delaware county has been swindled out of \$800 by some patent fence fakes. It seems queer that people who read do not know better than to patronize these oily tongued strangers.

SENATOR McMILLAN, of Michigan, thinks the debate on the tariff bill will be finished by June 20, and the older republican Senators will not make speeches on it. Five weeks is margin enough for the speeches of those who know least about the subject.

IMPORTERS are extremely active bringing as much foreign goods as possible into this country before the new tariff law is enacted. Wool producers will have to contend with enormous importations. During March 1897, 58,085,339 pounds of wool were imported against 17,781,547 pounds in the last March under the McKinley law.

The Illinois supreme court has sustained the validity of the indeterminate sentence law in that state, which is much like the Indiana law recently enacted. This decision will add to the confidence of the advocates of the indeterminate sentence in this state. The law is generally conceded to be a good one.

PARTIES who are preparing to establish beet-sugar factories will be interested in a recent step taken by the Secretary of Agriculture in their behalf. Having supplied over twenty thousand farmers of the United States with beet seed for trial crops, Secretary Wilson is now making a practical and intelligent investigation to determine the sections of country where beet-sugar manufacture is most likely to be successful, the object being to assist those who desire to invest in beet-sugar factories.

The reciprocity feature of the new tariff law is likely to be even more satisfactory than that of the McKinley law. The addition of tea and hides to the dutiable list increases the opportunity for obtaining favorable reciprocity treaties, and it is understood that the senate will put into the bill such provisions as to make it practicable to secure very advantageous reciprocal arrangements with many countries, all of which will be especially in the interests of the agriculturists of the country.

The calamity shriekers who have been insisting that the promised prosperity has not materialized are thrown into confusion by a recent announcement from the reliable business barometer, the Weekly Review of E. G. Dan & Co., which, in its last weekly issue, says: "Nearly all will be astonished to learn that actual sales in April by leading houses in each line of business in the principal cities east of the Rocky mountains average only about ten per cent less than in April, 1896, the year of largest business hitherto, and were 6.1 per cent. more than in the same month last year. Yet this is the summary of 357 reports, each covering actual sales of merchants in 1 of 14 cities. They are especially encouraging in view of great fall of prices within the last five years, and floods and other retarding influences this year.

POLITICAL BREVITIES.

Rollo B. Oglesbee has purchased the Evening News at Plymouth and will again devote his time to newspaper work.

The Elwood Call-Leader springs the name of Albert J. Beveridge as a candidate for the United States senate to succeed Senator Turpie.

Statistician's Observations.

State Statistician Conner sends out a May crop bulletin which he concludes with the following observations:

The exceeding wet spring has delayed farm work in many sections, and oats were sown late, though in some of the northern and northwestern counties cats were sown as early as usual.

White top is reported in the meadows to a considerable extent.

Chinch bugs are mentioned in two counties as appearing in the wheat fields.

The late sown wheat is in the worst condition as a rule.

In two counties it is reported that, on account of so much old corn on hand, the usual area will not be planted.

The good wheat as a rule is on the tilt-drained lands.

The clover crop is reported very promising in most sections.

Poisons engendered by food fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it rests the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose taken immediately after eating, abates the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merit—10 cents.

Laxol is the best medicine for children. Doctors recommend it in the place of Castor Oil.

According to the newspapers, an Ohio husband became the happy father of seven children not long ago. Of the seven all lived but one. It is to be hoped he laid in a supply of Chamberlain's Cough Remedy, the only sure cure for croup, whooping cough, colds and coughs, and so insured his children against these diseases. For sale at C. W. Milhouse druggist.

LITTLE MISS ERWIN.

She Weighs Two and a Half Pounds and Is Fifteen Inches Long.

BEVERLY, Ind., May 14.—Henry Erwin and wife, who live near this place, are the father and mother of the smallest child in the country. It is a baby girl, is two months old, and weighs only two and a half pounds. The child is just 15 inches long and its legs are no larger than its mother's forefinger, while its fingers are like wheat straws, and its little feet are like pins.

Little Miss Erwin gives every indication of holding on to life.

Kentucky Patronage.

WASHINGTON, May 14.—Senator Deboe and Representative Pugh of Kentucky called upon the president late yesterday and presented the state of Kentucky offices so far as agreed upon. It includes Dr. J. B. James for United States marshal, Samuel J. Roberts for collector of internal revenue for the Seventh district, National Committeeman John W. Yonkes for the Eighth and E. T. Frank for the Second. The candidates for the Fifth and Sixth districts have not yet been agreed upon.

Engagement Reported.

ATHENS, May 14.—A dispatch just received here from Arta says that the Greek troops under Colonel Bairaktaris have had an engagement with the Turks around the town of Imaret. Several men have been killed or wounded. The Turks have retreated with the exception of a small column, which is still opposing the Greek advance. Colonel Colfinopoulos has advanced and occupied Philippiada. He expects to capture the iron bridge over the Louros, which would render the capture of Preveza possible.

Weather.

Indiana and Illinois.—Showers, followed by fair weather; cooler.

Ohio.—Partly cloudy weather with showers.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal biliousness. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, consumption, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Wm. F. Peter's drug store.

Met His Old Chum.

Rev. Felix May, of Indian Territory, was in the city last night on his way to Washington City. While here he saw his old friend and comrade, Policeman J. H. Hopewell, with whom he became intimate while in the regular army in Montana many years ago.

Strawberries, apples, beans, peas, new potatoes, fruits, cabbage, Teckemeyer's.

GOT THE SHIRT.

Mrs. Shippey Responds to Charity and is Short \$200.

Today a twelve or thirteen-year-old girl, the daughter of Mrs. Tabor who resides in the First ward, went to the residence of Mr. and Mrs. Joe Shippey and, as is her custom, told her story and asked for something. She said her brother had been thrown from a horse and was badly hurt. She asked that a shirt be given him as the only one he had was torn to shreds when the horse threw him. She stated that the request came from her mother.

Mrs. Shippey went to the wardrobe and got out a shirt, an old but clean one.

Immediately after the girl had gone Mrs. Shippey thought of the \$200 she had bid away in the closet and soon discovered that the very shirt in which it was wrapped she had given away.

Policeman Hopewell was notified and he with Dr. Gerrish went to the Tabor residence and began an investigation.

It was at once seen that the brother, Sam Tabor, had not fallen from a horse and was apparently in a sound bodily condition. The boy and the girl both denied knowing anything about the \$200, but on account of the suspicious circumstances he was placed under arrest and taken to jail. The girl was taken to Attorney Menden's office where she told her story and was questioned closely.

Those who have the matter in charge believe that the truth will yet be ascertained and that the \$200 may be recovered.

To them were born several children. Those living are Mrs. Sophia Casper, Mrs. Henry Schepman and Miss Rosina Thoele, and three sons, William, Frank and Henry. The latter lives at Florence, Alabama.

Little, wife of Calvin Little, died at 3:30 o'clock Friday morning May 14, 1897, at her home on High street from Bright's disease with which she has been a sufferer for a year, aged some forty-five years. She was born and raised west of Ewing and had resided here for several years. She was a respected lady. A husband and five children survive who have the tender sympathy of their many friends.

NOTICE TO THE PUBLIC.

SEYMOUR, IND., May 13, 1897.

TO THE TEMPERANCE PEOPLE GENERALLY.

Certain "bums" whom I have displeased have circulated the report that I am expecting to "run a tough joint" at my new place of business on West Second street, this city, and I take this opportunity to assure the good people who uphold public morals that I shall endeavor to conduct the most orderly saloon in Seymour. I shall have no women at all about my place of business as has been falsely reported, nor will I permit drunken and boisterous men to loaf in or about my premises.

I shall solicit and expect the patronage of gentlemen only who occasionally indulge in a nice cool glass of beer and who take a little home to their families when the heated season comes. There are many such people in Seymour and they are good substantial citizens, too, and these I shall endeavor to please.

Nor will I permit any gambling or games of any kind in connection with my house. No "side door," no "back room." Nothing that will in any way conflict with the Nicholson temperance law. Nothing that will in the least offend public morals. Simply a genteel, quiet lawful house is the kind I will keep. The most orderly saloon in Seymour is what I promise the people.

You will see that I am right and that the "bum" and the "tough" will be against me while the temperance people will pray that, while the business is to be in our midst at all, others may follow the law as closely as I shall.

Respectfully,

JAMES M. PHILLIPS.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollar for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O.

### John R. McLean's Great Newspaper.

Without a single exception, there is no doubt no greater or more successful newspaper in the United States than the Cincinnati Enquirer; and no more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

### A Good Law.

Some of the wise men certainly have gone west. A law is now in force in Minnesota requiring the manufacturers of alum baking powders to state on the labels, "This baking powder contains alum."

We are glad to note that the manufacturers of Cleveland's baking powder plainly print on the label the composition of the powder. Cleveland's baking powder does not contain alum or any other injurious ingredient, and the manufacturers evidently want the public to know just what it does and what it does not contain. This is a good, sound policy and should be followed by makers of food preparations.

The funeral of Barney Matt yesterday afternoon was one of the largest here in many years and it was very sad.

The astringent properties of paregoric often produce inflammation of the bowels. Give babies Dr. Bull's Baby Syrup instead. It is soothing, safe and does not bind; but get the genuine.

The circuit court having finished the business before it adjourned Thursday and Judge Voyles returned to his home at Salem. The next court begins August 30.

### Stands at the Head.

Aug. J. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Stafford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century and today stands at the head. It never disappoints. Free trial bottles at Wm. F. Peter's drug store.

### An Ad that Doesn't Pay.

An ad that doesn't pay may not be money thrown away. If it's your first, last and only ad, or if it's your only ad on that particular subject or in that medium, and no returns come in, of course your money has been wasted. But many an ad that apparently doesn't sell a dollar's worth of goods may do many a dollar's worth of good. It may bring a hundred people within a foot of buying. The next ad may bring them all to your store, and it may be far from a good ad than the first one. It's a long time from seed time to harvest, and there must be much cultivation between times.—Ex.

The Best Remedy for Rheumatism. From the Fairhaven, N. Y., Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. ## CASTORIA

For Infants and Children

The little signature of *Cast H. Fletcher* is a sure sign of its purity and strength. It is a sure cure for all ailments of infants and children. It is a sure cure for all ailments of infants and children. It is a sure cure for all ailments of infants and children.

### HOW TO FIND OUT.

Fill a bottle of common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is a convincing proof that the kidneys and bladder are out of order.

### What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.

### NEW ENTRANCE TO NEW YORK.

Passengers via Pennsylvania Lines Now Have Choice of Three.

All are convenient locations: Cortlandt street and DeBrosses street, in the downtown district, and Twenty-third street in the uptown district. The latter entrance will be formally opened May 16th, when two new and commodious ferryboats, double deckers, constructed especially for the Pennsylvania Lines and furnished and finished in up-to-date style, will be placed in service between the Jersey City station and the Twenty-third street, connecting with all inbound and outbound trains over the Pennsylvania system, the same as the boats running between that station and Cortlandt street and DeBrosses street, which will also be continued in daily service.

The Pennsylvania Lines' three entrances into New York enable passengers to quickly reach the business portion of the lower end of the city, as well as the hotels and the business blocks in the very heart of the great metropolis. The ride across the river is a delightful and refreshing termination to an enjoyable trip. All through trains from the west, over the Pennsylvania Lines, land passengers in New York between 8:30 a. m. and 9:40 p. m. treating them to a grand view of the city's water front; its extensive docks where at almost any time may be seen ships of many nations. The wonderful panorama gives visitors a slight idea of the magnitude of New York. The new Twenty-third street ferry line is particularly noteworthy in this respect.

### A Neighbor's Views.

Jackson county has a county seat difficulty to settle in the near future. It's none of our fight but if the appearances of the town and the brain matter evidenced in the papers of Seymour and Brownstown are any indication Seymour ought to be the county seat of Jackson county.—Mitchell Commercial.

WASHINGTON, May 14.—After a long period of calm, the senate was considerably agitated yesterday, first by a discussion of the senate sugar investigation and then by a preliminary skirmish on the tariff bill. The Allen resolution to bring Elverton R. Chapman before the bar of the senate was debated in somewhat monotonous style until Mr. Tillman of South Carolina gave a present report to the subject by referring to reports that senators, within the last week, had speculated in sugar stock.

"As the representatives of 70,000,000 people," said Mr. Allen in opening the discussion, "we cannot afford to permit Mr. Chapman, the representative of a powerful organization which it has been charged exercises great influence over this body, to go unwhipped."

Mr. Chandler spoke briefly saying that he could not believe a pardon would be granted Chapman. The senator stated that he considered it would be futile to undertake now to reopen the sugar investigation of four years ago.

Mr. Tillman was then recognized and caused a sensation on the floor and in the galleries.

"It seems to me," said Mr. Tillman, "that we are not after Chapman; the original investigation was not intended to punish Chapman, but to discover whether any senator on this floor had been guilty of using his official position to make money by speculating in stocks which were influenced by his actions as a senator on the committee which reported the tariff bill. It is not worth while to try to cover up this matter with badinage and flippancy."

"There are two correspondents who have, over their own signatures, charged that senators have speculated within the last week and made money. Now, if you want to investigate, you have a new reason to investigate. If you intend to get at the true inwardness of the matter, to get at the truth and to punish those who are guilty, say so and do so, or else hush. That is the whole sum and substance of it. We do not want to have the man who brought your men, if they were bought. That is what we are here for; and now let the senator who has moved to refer the matter take the resolution to his committee and bring back a measure here that will mean something. We can now make those men who have charged that senators have speculated say where they got the information, or we can punish them for contempt. We can call on Havemeyer and the sugar trust grandees and make them answer or put them in jail for contempt. Either investigate so as to find the truth and punish the criminal or hush."

The debate then drifted to the legal channels and the question was finally referred to the judiciary committee. Senator Gallinger introduced a resolution looking to relief being sent to Americans in Cuba. It was referred to the foreign relations committee.

After an executive session the senate adjourned until Monday.

Cleveland Chamber of Commerce Banquet—Archbishop Ireland Present.

CLEVELAND, May 14.—Nearly 400 of the leading business and professional men of the city attended the annual banquet of the chamber of commerce at the Hollender last night. The guest of the evening was Archbishop Ireland, all the others in attendance being members. The archbishop responded to the toast, "The Sure Foundation of True Citizenship." In closing his remarks he said:

Americans, we love America; we love our country; our heart's prayer is: May she be immortal, to those during ages our sons, and their sons, and those that will be born of them; to bless during ages all peoples who may strive in their own land for civil and political liberty. Let us work for America. But remembering that not in sciences and arts, not in commerce and armies must her trust be, but in men. Nothing more significant and more worthy of our best than the words of our own Emerson: "The true test of civilization is not the census, not the size of cities, not the crops; no, but the kind of men the country turns out."

**ARE STARVING IN CUBA**

American Citizens in Great Distress On the Island.

**DRIVEN INTO TOWNS BY WEYLER**

Report of Investigation of Documents in the State Department Show the Condition of Affairs to be Deplorable. President McKinley Alive to the Situation—Senator Gallinger's Resolution.

WASHINGTON, May 14.—There was a sudden and violent outbreak of Cuban sentiment yesterday at the capitol and during the early hours the drift of opinion was strongly toward speedy and radical action by both congress and the executive, but later there was some what of a reaction upon its becoming known that the president, while keenly alive to the situation and anxious to learn everything possible that could guide his conduct in our Cuban and Spanish relations, felt that further information was necessary and that for the immediate present the question was not one of recognition of the belligerency or independence of the Cuban insurgents but of relief for the American citizens destitute and helpless in the town of the queen of the Antilles.

The senate foreign relations committee, it should be stated, while agreeing with the necessity for relief of the suffering Americans, is favorable to more radical measures and a number of its members are earnestly desirous of instant action by the executive in aid of the insurgents, but have not succeeded in converting the administration to their views that present action is appropriate and imperative. The event of the day was a report to their colleagues by the subcommittee of the foreign relations committee, which Wednesday examined the state department Cuban reports. This statement, though not given to the public, was so far disclosed in character as to give rise to a good deal of excited comment among senators and members. The report, based upon facts presented by the United States consuls in Cuba, it is said, brings out in strong relief the destitution which exists, not only among the Cubans, but among the Americans and Pacificos now on the island, who were driven into the towns by Weyler's orders and thereby prevented from supporting themselves.

**SENATOR GALLINGER.**

Says American Citizens Are Starving in Cuba.

WASHINGTON, May 14.—Speaking of his resolution for an appropriation for the American people of Cuba Senator Gallinger said: "I am informed that American citizens are starving in Cuba. A gentleman who recently came from Cuba told me that such was the fact. Then I am informed that reports in the state department corroborates the statement. The picture drawn of distress is most harrowing. These reports contain names that are not Spanish but American names, so there can be no doubt of the correctness of the reports. I am of the opinion that while we are sending aid to India and to people who are in a starving condition along the Mississippi river it would be well to pay some attention to the American citizens who are starving in Cuba. I asked to have the resolution referred to the foreign relations committee for such action as it may deem best to take."

"There is some talk about sending a naval vessel to Cuba. Will you add such a provision as an amendment to your resolution?" was asked.

"I may do so," responded Senator Gallinger. "It seems to me that it would be well to have an American warship in Havana to back up the demands of the American consul and to extend relief to American citizens who are in need of it."

Mrs. F. B. Canine, of No. 4320 Humphrey St., St. Louis, Mo., writes: "I am now a happy mother of a fine, healthy baby. I feel that your 'Favorite Prescription' and 'Little Pills' have done me more good than anything I have ever taken. Three months previous to my confinement I sent for one of your 'Medical Advisors' and read some most important points and felt satisfied to try your medicine. I took three bottles of the 'Prescription' and the 'Little Pills' also. Consequently I was only in labor forty-five minutes. With my first baby I suffered 12 hours, then had to lose him. He was very delicate and only lived 12 hours. For two years I suffered untold agony, and in the meantime had two miscarriages. Cannot speak too highly of your medicine as I feel that it has saved both my child and myself. My baby was born just at March. She is not yet three weeks old and I do not think I am better in my life. I took the 'Prescription' through my confinement and am still taking it. Find it strengthening to myself and to the baby."

Committee of the senate foreign relations committee made a report to the full committee yesterday as to affairs in Cuba. The report consisted of a concise statement of the contents of official reports from American consuls in Cuba, bringing the information up to within a week of the present time. The report confirms the newspaper reports as to the situation of affairs in the island, and even goes farther in depicting a more deplorable situation than most of the newspaper stories.

Especially stress is laid upon the condition of American citizens in the island. Of these it is positively stated that there are hundreds in a starving condition, and most wretchedly clothed. Deaths of Americans from starvation are daily reported. They are scattered in all parts of the island, and receive no consideration whatever because of their American citizenship.

The committee was especially impressed with this recital, and the opinion was generally expressed that the situation should be remedied if possible. It was considered as placing even a worse aspect on the question of our relations to Cuba than the imprisonment of Americans, of which there are now comparatively few instances.

Dr. Miles' Nervine Triumphs.

Excessive Nervousness from Childhood. Dr. Miles' Nervine Brings on Heart Weakness.

REV. B. P. SEAREY, pastor M. E. church, Buchanan, Ga., writes Dec. 10, 1893: "In childhood I was afflicted with excessive nervousness, which almost developed into St. Vitus dance. I partly recovered, but at college it gradually grew worse. Close study aggravated the trouble; any unusual exertion caused trembling all over. In 1890 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Nervine and Nerve and Liver Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle gives or money refunded. Book on Heart and Nerves sent free to all applicants. DR. ### John R. McLean's Great Newspaper.

Without a single exception, there is no doubt no greater or more successful newspaper in the United States than the Cincinnati Enquirer. It is the most successful publisher than any other, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

### A Good Law.

Some of the wise men certainly have gone west. A law is now in force in Minnesota requiring the manufacturers of alum baking powders to state on the labels, "This baking powder contains alum."

We are glad to note that the manufacturers of Cleveland's baking powder plainly print on the label the composition of the powder. Cleveland's baking powder does not contain alum or any other injurious ingredient, and the manufacturers evidently want the public to know just what it does and what it does not contain. This is a good, sound policy and should be followed by makers of food preparations.

The funeral of Barney Matt yesterday afternoon was one of the largest here in many years and it was very sad.

The astrigent properties of paregoric often produce inflammation of the bowels. Give babies Dr. Bull's Baby Syrup instead. It is soothing, safe and does not bind; but get the genuine.

### An Ad That Doesn't Pay.

An ad that doesn't pay may not be money thrown away. If it's your first, last and only ad, or if it's your only ad on that particular subject or in that medium, and no returns come in, of course your money has been wasted. But many an ad that apparently doesn't sell a dollar's worth of goods may do many a dollar's worth of good. It may bring a hundred people within a foot of buying. The next ad may bring them all to your store, and it may be far from a good ad than the first one. It's a long time from seed time to harvest, and there must be much cultivation between times.—Ex.

The Best Remedy for Rheumatism. From the Fairhaven, N. Y., Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. ### HOW TO FIND OUT.

Fill a bottle of common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is a convincing proof that the kidneys and bladder are out of order.

### What to do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain passing it or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Seymour Republican, and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its genuineness.

### NEW ENTRANCE TO NEW YORK.

Passengers via Pennsylvania Lines Now Have Choice of Three.

All are convenient locations: Cortlandt street and DeBrosses street, in the downtown district, and Twenty-third street in the uptown district. The latter entrance will be formally opened May 16th, when two new and commodious ferryboats, double deckers, constructed especially for the Pennsylvania lines and furnished and finished in up-to-date style, will be placed in service between the Jersey City station and the Twenty-third street, connecting with all inbound and outbound trains over the Pennsylvania system, the same as the boats running between that station and Cortlandt street and DeBrosses street, which will also be continued in daily service.

The Pennsylvania Lines' three entrances into New York enable passengers to quickly reach the business portion of the lower end of the city, as well as the hotels and the business blocks in the very heart of the great metropolis. The ride across the river is a delightful and refreshing termination to an enjoyable trip. All through trains from the west, over the Pennsylvania Lines, land passengers in New York between 8.30 a. m. and 9.40 p. m. treating them to a grand view of the city's water front; its extensive docks where at almost any time may be seen ships of many nations. The wonderful panorama gives visitors a slight idea of the magnitude of New York. The new Twenty-third street ferry line is particularly noteworthy in this respect.
